## EDUCATION

- **MASTER OF COMPUTING IN COMPUTER SCIENCE & INFORMATION TECHNOLOGY OF ANU, JULY,2014 – JUNE 2016**  
**Program:** Artificial Intelligence and Software Engineering  
**Courses:** [Managing Project](#), [Model Driven Software Development](#), [Software Construction](#), [Algorithm](#), [Relation Database](#), [Computer Network](#), Document Analysis, Algorithm for Data Mining, Statistical Machine Learning, Artificial Intelligence, Professional Communication, etc.
- **BACHELOR OF ENGINEERING IN CHEMICAL ENGINEERING AND TECHNOLOGY (BECET), SEP. 2006 – JUN.2010**  
HEFEI UNIVERSITY OF TECHNOLOGY (HFUT) – HEFEI, ANHUI, CN

## TECHNOLOGIES & SKILLS

- **IT technologies:**

Technic	Experience	Detail
Database	6 years	Solid knowledge of Database Design and operation. Three years' telecom billing system work experience on <a href="#">oracle</a> maintain, operate and optimize experience. Familiar with <a href="#">Cassandra</a> , <a href="#">MySQL</a> , <a href="#">PostgreSQL</a> , and <a href="#">Mongo DB</a> databases.
Operate System	6 years	Solid Knowledge of Unix/Linux operate system. Three years' work experiences on <a href="#">AIX</a> and <a href="#">Suse Linux</a> . Familiar with <a href="#">network and diskarray storage</a> . Familiar with <a href="#">Ubuntu</a> and <a href="#">Docker</a> .

### Program Language:

Language	Experience	Familiar
<a href="#">Java(J2EE)</a>	7 Years	Proficient
JS	2.5 Years	Familiarity
Python	2 Years	Familiarity
PL/SQL	3 Years	Proficient
Shell	3 Years	Familiarity
C/C++	2 Years	Familiarity

### Framework and tools:

Framework/Tools	Experience	Familiar
Node.js (Express)	1.5 year	Familiarity
<a href="#">Bootstrap</a>	1.5 year	Proficient
Struts2, Spring, Hibernate	1.5 year	Familiarity
Meteor	5 months	Familiarity
Play!	2 months	Familiarity
Springboot	2 months	Familiarity

## WORK EXPERIENCE (JUL. 2010 – APR. 2013)

- **Software Engineer at Global Technic Support Department of ZTESoft Co., Ltd. (Jul. 2010 – Jun. 2012)**
  - Deploy, setup and test telecom billing system using advanced technology skills such as [AIX](#), [Linux](#), [Oracle](#), [PL/SQL](#), [JAVA](#), [Python](#) and [Shell](#).
  - Migrate data and services from old billing system to the new one.
  - Maintain the billing system to support billions concurrency.
- **Project Manager at Global Technic Support Department of ZTESoft Co., Ltd. (Jul. 2012 – Apr. 2013)**

- Make project plan considering resources, budget, and deadline.
- Break down work and assign to team member.
- Estimate and adjust resources to reduce project risk.

## PROJECTS PARTICIPATED

- **Bangladesh Telephone Inter-Connection Exchange (ICX) & International Gate Way (IGW) project (Jun. 2012 – Dec. 2012, 7 months).**
  - Requirements survey to define project border.
  - Project management.
  - Customer relation management.
  - Deploy, configure and maintain the billing system.
- **Myanmar Operation and Develop (MOD) Telecommunication prepaid & postpaid Converge Billing project (Mar. 2012 – Jun. 2012, 3 months).**
  - Deploy report system and develop report items
  - Optimize billing system
  - Commercial usage preparation
- **Myanmar Postal and Telephone (MPT) prepaid & postpaid Converge Billing project (Feb. 2011 – Mar. 2012, 15 months).**
  - Deploy BOSS system using the advanced skills such as **AIX, Linux, Oracle, Times Ten, Java, PL/SQL, Shell, and Python.**
  - Migrate subscribers' data and services from old billing system to new billing system.
  - Implement and maintain the distributed recharge and balance inquire system.
  - Implement tariff on billing system.
  - Deploy report system, implement reports and bill generate system.
  - Commercial usage and business operation preparation.
  - Maintain the billing system and Oracle database, optimize system's performance considering millions concurrences.
  - Train staffs of MPT to understand the billing system.
- **Vietnam veittel telecommunication company postpaid Billing Project (Sep. 2010 – Jan. 2011, 4 months).**
  - Configure the telecom tariff on OSS according customers' requirements.
  - Manage the Unit Interface Platform (provide services such as recharge balance, inquire balance, service open/close, calling record check, bill check, etc.) which connects with many companies.

- **Some projects created or jointed on Github(<https://github.com/jevy-wangfei>):**

Project Name	Github Address	Technics
Personal Blog	<a href="http://jevy.wang">http://jevy.wang</a> (Hosted on GitHub)	Jeklly, JS
FeedMe: online dishes book and delivery system	<a href="https://github.com/jevy-wangfei/feedmeClient">https://github.com/jevy-wangfei/feedmeClient</a> <a href="https://github.com/jevy-wangfei/feedme">https://github.com/jevy-wangfei/feedme</a>	Java, Spring boot, MySQL
Chemical data processes	<a href="https://github.com/jevy-wangfei/ChemLab">https://github.com/jevy-wangfei/ChemLab</a>	Java, Hibernate,

and management system		Struts2, MySQL
Telecom Data analysis	<a href="https://github.com/jevy-wangfei/MLEngine">https://github.com/jevy-wangfei/MLEngine</a> <a href="https://github.com/jevy-wangfei/MLServer">https://github.com/jevy-wangfei/MLServer</a>	Spark, Java, Springboot, MongoDB

## AVAILABLE TIME & VISA

### Before graduation:

**Time:** Two days per week can be guaranteed

**Visa:** Student work visa

### After Graduation:

**Time:** Full time available

**Visa:** Two years work visa
